

Grand View Scenic Byway Park

 will unify, improve and preserve the green and open spaces in Mt. Washington and Duquesne Heights, connecting to the rest of Pittsburgh's emerging green network and creating an attractive natural urban space that is a pleasure to live near, visit and view.

Green Space & Trails

Preserve and protect green and open spaces of the Grand View Scenic Byway Park, both for future generations and for current residents and visitors to enjoy.

11.3 Acres Purchased by Allegheny Land Trust for inclusion in the GVSBP.

Improved & Restored Parks

Enhance City Parks within the Grand View Scenic Byway Park, ensuring their ongoing maintenance and increasing their active community use.

Hillside Restoration & Management

Promote sound ecological practices that help stabilize hillsides, provide habitats for native plants and wildlife, and maintain attractive views to, from and within the Grand View Scenic Byway Park.
